

Great Reasons to Use Avaya *Freedom-Of-Choice* Headsets

1. Avaya guaranteed compatibility assures trouble free operation
2. Improve your productivity by working Hands-Free
3. Ease neck and back tension
4. Increase your call quality

Great Reasons To Own An Avaya *Freedom-Of-Choice* Headset

Assured Avaya Compatibility ... Avaya headsets are the **ONLY** headsets with Avaya service and support; the only headsets guaranteed to work on Avaya communications solutions. Avaya headsets deliver optimal performance and are the **ONLY** headsets Avaya tested, certified, and approved for use on Avaya telephone equipment.

Freedom-Of-Choice ... Avaya sets the standard for headset comfort. Every Avaya headset is ergonomically designed to fit the way you do business. Avaya has designed a full line of Quick Disconnect™ headset products that blend with what you demand and need in comfort, quality, style and cost.

Improve Productivity ... Avaya headsets allow you to be more productive while you're on the telephone. A study concluded that adding hands-free Avaya headsets to office telephones improves productivity up to 43%.

Increased Comfort ... In demanding work environments, it's a scientific fact that Avaya headsets reduce upper back and shoulder tension by as much as 41%.

Investment Protection ... Avaya *Freedom-Of-Choice* headpieces are interchangeable with all Avaya telephone headset connections; fully compatible with Classic and new sets.

Enhanced Communication ... Everyone who uses the telephone to communicate with customers or associates will enjoy the health and productive benefits of using an Avaya headset.

Cordless Mobility ... With a cordless Avaya headset, you are free to move around your work area and complete other tasks while simultaneously talking on the phone.

Upgrade Sound Quality ... With SoundGuard® Plus™ and Call Clarity™ in modular base adapters, calls are more intelligible. Through electronic processing of incoming and outgoing sound, these technologies keep audio levels safe and comfortable while minimizing background noise.

Service/Quality ... Every Avaya headset product is proudly supported by our unsurpassed service and support organizations.

Meets or Exceeds ... UL, OSHA, CF and most International Certification Standards.

From Avaya – LKA10 and 10U100 Cord-Free, Remote-Dial Headset Solutions!

The LKA10** is designed specifically for Avaya DEFINITY® telephones and can be adapted for use on MERLIN® telephones. The 10U100 is designed to work with Avaya PARTNER or analog/6200 series telephones. Both Cord-Free Headset Systems are ideal for the office environment.

LKA10
#408 271 385

10U100
#407 875 939

- The headset industry's only complete wireless office solution
- Use the enclosed Quick Disconnect cable to upgrade to any of Avaya's professional *Freedom-Of-Choice* headsets
- Remote unit provides both call answering and dial-out capability; take a call, make a call, check AUDIX™ all while away from your desk!
- Up to 150 ft. mobile range from base
- Automatic or manual channel selection allows multiple units in a single environment
- The LKA10 connects directly to the headset port on the 6416D+M and 6424D+M desksets. Or, combine with the Avaya lifter for the ultimate wireless solution on virtually any Avaya digital deskset *
- The 10U100 comes "One Touch" ready for any Partner analog and 6200, 7100, 8100 series telephones
- Talk, charge and mute indicator lights

**LKA10 and 10U100
Cord-Free Headset
System for the office**

**LKA10 and 10U100 may not be available in parts of Europe

* LHL1 Telephone Headset Lifter Accessory for LKA10

#408 346 146

- Allows remote call answering on most Avaya telephones
- Upon recognizing call LKA10 remote rings to alert user
